## **TENTATIVE AGENDA**

### **WEDNESDAY - DECEMBER 1, 2004**

- 11:00 - *Registration begins*
- 1:15 - *Welcome*
- 1:45 - *Keynote Address*

Michael Byrne, Director, Justice and Public Safety, Microsoft Corporation

As the first Director of Justice and Public Safety at Microsoft Corporation, Mr. Byrne plays a key role in working to integrate and maximize the effective use of technology to improve Public Safety in the Nation. Prior to joining Microsoft Mr. Byrne held the position of Director of the Office of National Capital Region Coordination for the Department of Homeland Security and as the Senior Director for Response and Recovery at the Office of Homeland Security in the White House where he was instrumental in shaping the national vision and policy for emergency preparedness and response. Mr. Byrne began his career in public service with the New York City Fire Department (FDNY). During his 20 years with FDNY, he led Ladder Company 12 in their response to the 1993 World Trade Center Bombing. He also served with the Office of the Fire Commissioner, working as the Director for Strategic Planning and the Chief Information Officer. Upon retiring from FDNY, Mr. Byrne joined the Federal Emergency Management Agency in 1999 as the Response and Recovery Division Director in FEMA Region II where he led the federal response operations for Hurricanes Lenny and Floyd and Tropical Storm Allison. In 2001 he served as the Deputy Federal Coordinating Officer for Operations in New York, where he was responsible for all federal response assets and recovery program administration following the 9/11 attack on the World Trade Center.

### **THURSDAY - DECEMBER 2, 2004**

Thursday will focus on the variety of projects going on in Alabama. Many of these are programs you can take advantage of but you may not even be aware of them. Come learn about these projects and discover how your agency can begin to use them. Some of the topics scheduled are:

- *New Direction for ACJIC*
- *Round-Up of State Projects –*
  - *I/O Report, Sharepoint Sites, DAIS & DA-Suite, and others*
- *Jail Management System*
- *LETS –Update on New Features*
- *Alabama's E-Citation Project*
- *State Networking Efforts*

### **FRIDAY - DECEMBER 3, 2004**

Friday we will look at some projects other states are doing with a session on:

- *Information Sharing Initiatives in Other States*

We'll end the conference looking ahead with a presentation on:

- *Cutting-Edge and Future Technologies*

Conference ends at noon on Friday.
